

04/01/2017: Bulo School Progress

The new school building in Bulo Parish has been completed.

The students can now go to school with a solid roof over their heads instead of gathering under a large tree for classes. With your support many children will be able to learn to read, write and be prepared to learn a trade.

Thank you so much.
Your generosity and prayers are overwhelming.

May God bless you abundantly!
Father Francis
